

Send Us Your Results and Be Included In Our *Report to Congress*

Thank you for supporting the *Operation ABC Mobilization* and for helping part-time belt users get in the habit of buckling up every time. You are making a difference by spreading this important message and saving countless lives by getting more adults and children properly buckled up.

Please send us the results of your survey, your completed survey sheets and your press release. We will be presenting this

information in our *Report to Congress* and want to include your efforts.

Also, let us know who you are and what other activities you did along with, or in addition to, your survey. Please list any innovative strategies you used to help reach parents and caregivers in your community about this serious problem. Simply copy, fill out and fax back this form.

Organization: _____

Contact Person: _____ Title: _____

Address: _____

City/State/Zip: _____
